

## Willis's Walkabouts

### The wet season is SPECTACULAR!!

**Don't believe** what you see on TV weather reports. Weather symbols designed for temperate climates don't work for the tropics.

January, our wettest month, is far from the hottest. Most rain comes in short, sharp bursts. We average sunny skies 45% of the time compared to Melbourne's 54%. Melbourne gets far more 35° days than Darwin.

**Don't believe it?** The met bureau links on our wet season information page will let you judge for yourself. [www.bushwalkingholidays.com.au/wet.shtml](http://www.bushwalkingholidays.com.au/wet.shtml)

Our **What to Expect** page tells you even more. [www.bushwalkingholidays.com.au/wet2.shtml](http://www.bushwalkingholidays.com.au/wet2.shtml)

Once you know the truth, think about coming along and finding out why many local people think this is the best time to go bushwalking. **Easy, hard and everything in between**, we offer trips to suit every bushwalker.
